AIRTN NEXTGEN

The Air Transport Network, AirTN NextGen, a CSA funded under FP7, creates a platform of networking and communication between regional, national and governmental organizations supporting research and innovation in the EU Member States and Associated Countries to the EU Framework Program in the field of Aviation.

The new year has just started. Before giving you an outlook on AirTN NextGen project activities in 2016 we look back on the main events in the recent year.

## ACTIVITIES PERFORMED AND LATEST RESULTS

### 2ND AIRTN NEXTGEN NETWORK MEETING

**30 June, Vienna, Austria**

The workshop was being organized jointly with the ACARE Member States Group. Focus of the workshop was to foster transnational cooperation in aviation research and technology. All

### WORKSHOP ON EDUCATION AND TRAINING NEEDS FOR AVIATION ENGINEERS AND RESEARCHERS IN EUROPE

**23 September 2015, Brussels,  
Belgium**

Focus of the workshop was the air transport industry education. It

### AIRTN NEXTGEN AT THE AERODAYS

**London, United Kingdom**

The coordinator of AirTN NextGen has hold a presentation in the session “Aviation RTD Initiatives in EU Members States” on 20 October 2015. AirTN NextGen also presented its

[results/presentations](#) are publicly available on the AirTN website.

follows the first workshop on Educational and Training Needs (13 June 2014) which was focusing on aeronautic industry needs. The workshop has been organised within the AirTN NextGen project together with the ACARE Working Group and the European Commission.

activities and welcomed all interested participants at booth number 3-04 during the exhibition of the Aerodays.

## INAIR 2015

**12-13 November 2015, Amsterdam,  
The Netherlands**

The INAIR conference provided a forum for industry and academia to exchange ideas and set up common challenges. The interaction between researchers and industry representatives is key in order to come up with innovative solutions for the challenges of the future.
